2 days, 4 trainers, 5 testimonials, 120 participants, 2 European Cooperation Programmes...

Your mission, if you accept it, will train you in the topics of #communication and #promotion of projects and therefore, guarantee your #SUCCESS.

The Interreg Sudoe and Interreg MED Programmes will jointly hold a boot camp training on promotion and lobbying, to support approved projects in their marketing and capitalisation actions.

During two days, participants will benefit from practical training in strategy, political influence, storytelling and digital communication; partners and professionals testimonials from different perspectives will complement the trainers.

Given the restricted number of places, this training is preferably targeting partners in charge of capitalisation and/or communication of their projects.

All participation expenses are eligible.

Due to the high season in June in Faro, there are very few accommodations available. Therefore, we advise you to register as soon as possible and book your accommodation immediately upon receiving the confirmation email.

Looking forward to meeting you ;) #MeDoe

ACCOMODATION

We recommend to book as soon as possible, since it is the high season in Faro. If these hotels are full, consider hotel options in Olhão (a town just a few km away from Faro) or Airbnb.

Although the venue is located outside the city center, it is not far and it is easily accessible through public transportation.
